CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT:

Fusion Deals Concluded—Child Horribly Burned—Mr. Hanberry Hurt—Other Matters.

A Double Snap.

Mr. Richard Bridges, of Maple Grove, Trigg county, was thrown from his wagon, sustaining a fracture of one leg in two places.

Death of an Infant.

Lafayette, Jan. 7.—An infant of Mr. Ed. R. Bogard, aged 17 days, died this morning at 3 o'clock, of liver trouble.

Garrison Case Still Untried.

The trial of Clifton Garrison for shooting and wounding, was called at Bolivar yesterday and again postponed till Monday the 18th instant. The defense had been unable to understand that no further postponement would be allowed. Mr. Garrison, who has been absent from the State, is expected home this week.

Dislocated a shoulder.

Gracey, Jan. 11.—Mr. T. C. Hauberg, of Hopkinsville, was admitted to surgery last Saturday afternoon, and his right shoulder was dislocated. Drs. Bell and Buckus were called to render the necessary surgical aid. Mr. Hanberry was able to leave on the 9:30 train for his home.

Fusion in Trigg Perfected.

Catuz, Ky., Jan. 11.—The conference committee of both parties met to-day and agreed upon the terms of Democratic-Populists fusion in Trigg county. The Populists get the offices of representative, sheriff, assessor and coroner, and the Democrats all the rest. Both parties are satisfied with the arrangement and the joint ticket to be nominated will be elected with ease.

Dracon Carter Caught.

Pies Carter, the negro arrested at Guthrie by Detective Coffey, and charged with burglarizing the store of Geo. T. Randle, when arraigned for trial admitted his guilt and was placed under a bond of \$100, in default of which he was sent to the county jail at Elizton. Carter was a deacon in the Baptist church, colored, at Guthrie and in the absence of the regular pastor often filled the pulpit.

Mangled by a Mad Dog.

A little son of Mr. John Moss, a farmer living in the Garrettsburg neighborhood, while enroute to school Friday, was attacked by a dog believed to be afflicted with rabies, and was very badly bitten by the animal. He was thrown to the ground and the flesh was torn from the bone in many places, rendering his recovery very difficult. Since he is far from his injuries he will be taken to Paducah at once and a mad stone applied to the lacerated parts.

For a Last Year's Crime.

Constable W. T. Brane, of the Lafayette district, arrested Leslie Oldham, few miles east of Garrettsburg, and near the Tennessee line, Friday, and lodged him in jail until Saturday morning. Oldham is charged with shooting and wounding with the intent to kill Cullen Littlefield. The trouble took place last August, and Oldham succeeded in keeping out of range of the officers until pounced upon by the Lafayette constable. He will probably give bond, as his trial will not come up until the Spring term of Circuit Court.

More Hemp Needed.

Harrodsburg, Jan. 10.—Wm. Divine, a farmer of Mercer, aged twenty-four, drove from his family residence yesterday afternoon to town and upon returning home found his wife lying dead upon the floor in their room, with her two small children hovering over her, having frightened nearly to death. A post-mortem examination revealed positive signs that the woman had been outraged and choked to death. Finger prints were upon her throat, and several bruises and marks of violence upon her limbs and person and evidences of a struggle were visible all around.

Child Bodily Burned.

Frankfort, Ky., Jan. 10.—State Inspector Lester L. Cole just returned from a several weeks' trip spent in the investigation of the books and accounts of the Eddyville prison and the Hopkinsville Asylum. There are various rumors afloat about what kept the inspector so long, and about what he has learned. They say he had nothing to say, except that his reports to the Governor will show everything practically all right.

Books All Right.

A CHANGE OF BASE.

Republicans Will Hold Primary Election

Feb. 20.

The Republican county committee met Saturday and decided to hold a primary election Feb. 20. Some weeks ago the committee held a meeting and decided to settle all nominations itself in a meeting to be held the last Saturday in May. What caused the change of program was not announced. If the primary election puts any difference in the contest within the Republican party, it is to end up with the 3,500 negroes, who are absolute voters, on the entire ticket, without consulting the 800 white Republicans or 200 new converts who voted with them last year. The primary is expected to open the list for free for all contests for several offices. Circuit Clerk Starling and County Clerk Prowell will hardly have opposition, as in the other offices there will be lively contests. Just what part Rastus will cut in the shindig remains to be seen. The primary will elect delegates to a convention Feb. 22.

THE DEMOCRATIC COMMITTEE.

Co-operation of Silver Men Invited—County Convention March 1.

The Democratic Committee of Christian county met yesterday with about 20 members present.

Some important matters were acted upon.

The following resolution was unanimously adopted.

RESOLVED that it is the sense of the Democratic Executive Committee of Christian county that there should be a permanent union of all the friends of silver against the alliance of the single gold standard and we cordially invite all friends of bimetallism and supporters of the Chicago platform to unite with us upon a fair basis in the election to be held next spring.

A mass convention to nominate a county ticket was called to meet at the Court House Monday March 1, at 1 p.m.

MONKEY FARM IN FLORIDA.

Man Cures Their Meat for Epicures and Dyptics.

New York, Jan. 8.—A successful monkey farm has been established in the Florida Everglades by W. W. Jacobus, of Birch Church, N. Y., who has succeeded in raising a breed of monkeys whose meat, when properly dressed, is found to be most beneficial for epicures and dyptics.

Mr. Jacobus and his partners in the enterprise, Andrew Craig, capitalist, of Philadelphia, Pa., and Captain Rem G. R. Schultz, of Punta Rosa, Fla., have devoted a large portion of the past year to putting the monkey farm in a paying condition, and are now about to market a large output of meat.

True Bills Returned.

Henderson, Ky., Jan. 9.—True bills have been found against the negroes, Will Dixon, Will Loving, and Dave Powell by the grand jury for conspiring to kill Louis Metzner on November 14 last. They will be brought here from Hopkinsville on Monday, Jan. 18, and arraigned for trial. Commonwealth's Attorney Powell has evidence that each of them has served two terms in the penitentiary for felony and in the event of conviction in the Metzner case they will be sent for life.

The peace officers of the city and county were before Judge Givens yesterday in a body and were questioned by him as to whether or not it would be safe to bring these prisoners here to trial. When they gave it out that they thought it would be perfectly safe to bring them here, and that the officers would do all in their power to protect them.

Vice-President Stevenson's Plans.

Ponca City, Okla., Jan. 7.—Vice-President Adlai E. Stevenson, who has ex-

imedately on the expiration of his term as Vice-President next March,

The New York Journal publishes a list of 26 banks that failed between Dec. 15 and Jan. 5, with liabilities exceeding \$21,000,000.

The New York Journal is counting the days on Cleveland and running at the head of its editorial page in black letters the line "Only 52 days more of Cleveland." The number is reduced one every morning.

Jim Richardson, who recently resigned as editor of the Glasgow Times, has, together with Mr. Elisha Dickey, bought back the paper and will again become editor of it. Richardson takes a two-thirds interest and Dickey one-third.

Senator Lindsay rushes into print to declare that he shall not help to run the McKinley administration, unless he is asked for advice. As he has been shut out of the Democratic caucuses the public is curious to know what Senator Lindsay will do with himself. He is one of the bad Bills that the Democrats are no longer responsible for.

The Williamstown Courier is riding on the topmost wave of a flood of prosperity. It is carrying the announcement of 58 candidates for county and district offices, which at the published rates amount to \$271.50, "cash in advance." If any paper in Kentucky has struck a better piece of "confidence" than that showdown, we have failed to discover it. Bro. Westcr., accept our congratulations.

The Democrats of Chicago celebrated Jackson's Day on the 7th, the meeting being held one day in advance to enable Mr. Bryan to be present and also attend another meeting the next night. Mr. Bryan delivered the principal address. On the night of the 8th the Bolts celebrated the day and Henry Watterson and Simon Bolivar Buckner made speeches. Letters from Grover Cleveland and some of his satellites were read. Jno. M. Palmer also sent a letter in which he boasted that his fellow defeated the "Chicago ticket."

Ed. W. Hines, a Frankfort gold bug has come to grief. He was the official court reporter of the Court of Appeals and last year bolted the Democratic ticket and made himself offensive to loyal Democrats. When the court was reorganized last week the Democratic judges sat upon Bolter Hines' seat and compelled him to resign. Mr. C. C. Turner, assistance tipstaff, was elected official reporter and B. L. Guffy, a son of Judge Guffy, was elected to Turner's place. Judge Guffy voting with the Democrats to remove the offensive goldbug.

The Courier-Journal announced last week that a meeting of "all Democrats" would be held in the Watterson club rooms on the 8th to try to get up a love feast to unite the party for future campaigns. The 8th rolled around and the meeting was held, but the once great leader for whom the club was named was not there. He was in Chicago attending a meeting of bolters, who met to celebrate the defeat of the Democratic ticket and to abuse the 6,500,000 Democrats who drove out of the party 138,000 bolters who still call themselves Democrats. If the Watterson club is a Democratic organization, its name should be changed.

Bradley's ridiculous war on the turnpike raiders in Mercer county, is about on a par with his military exploits at Frankfort to prevent the reelection of Joe Blackburn. Of course when his soldiers marched into the country to catch raiders in the act of burning tollgates, they found no mob in sight. If the irate farmers who are destroying tollgates that the people have voted to close had been out for business that night, they would simply have waited until some other night. If Bradley's idea is to furnish an army to guard every toll gate in the State, it is only a question of time when the poor old State will be so badly busted that even extra sessions cannot save it from bankruptcy.

According to Dunn's report last Saturday there were 15,256 commercial failures last year, with liabilities of \$276,851,749. Banking failures amounted to \$50,717,915, averaging \$265,150 each and were 145 per cent, larger than 1895, when the country had not recovered from the panic of 1893. The same authority reported the speculative market dull, stocks declining, wheat off 2½ cents from Monday, prices in wool a shade lower, showing a decline of 16 cents in six years. Orders for boots and shoes almost ceased. Nails declined to \$1.40 per wire and \$1.90 for cast. This is the trade review of a commercial reporter anxious to bolster up the claims of returning prosperity. Falling markets, increasing failures and tightening times will be the order of the day until bitter experience teaches the suffering people that there can be no more good times under the present monetrary standard.

The New York Journal's chief editor, Alfred Henry Lewis, has leaped into fame by his vigorous reviews of men and measures. His roar of Grover Cleveland a few days ago was one of the most scathing criticisms of a public man ever put into print. And the greatest merit of his article was that it was true in every detail. Lewis wielded the most merciless pen in the newest of new journalism, as Cleveland, Weyler, Hill and others can testify.

The Paducah Visitor says two battalions of Cuban volunteers, 600 in all, are being recruited in Kentucky and 555 have already been enrolled. Officers have been elected and funds are being collected. The plan is to go in small squads to some southern port and then get transportation to Cuba. The start will not be made for several weeks. It is known that several young men in Hopkinsville stand ready to join such an expedition.

Gov. Bradley has at last positively announced his plans about the extra session. He will call the session for the early part of March, and on the 5th of March, as soon as Blackburn's time expires, will appoint St. John Boyle senator. This will be done to head off Hunter, and in the event the Legislature fails to elect, Boyle will be seated as an appointed Senator.

The electors all met at the capitals of their respective states and voted for President yesterday at noon. McKinley received 272 votes and Bryan 175. Bryan received all of the votes of 22 states, McKinley all of 21 and California and Kentucky were divided.

Three destructive fires have occurred in Mayfield within a week, all of suspicious origin, and the belief is growing that the fires are a sequel to the recent race war, in which three negroes were killed.

At the Palmette meeting at Chicago last week, one of the "leaders" present suggested that the party should assume the name of "Democratic-Republican party." Well, let it go at that.

Two more bank offices have committed suicide, making six in two weeks. One of them was at Covington and cut his throat.

Minister Albert S. Willis was still alive but near death's door when the latest ship to arrive from Hawaii left Honolulu January 1.

The Republican son of the late Democratic candidate for Vice-President has been elected to the Maine legislature, to fill a vacancy.

The Republican caucus of North Dakota has re-nominated Senator Hansbrough.

Nervous

People often wonder why their nerves are so weak; why they get tired so easily; why they start at every slight but sudden sound; why they do not sleep naturally; why they have frequent headaches, indigestion and nervous

Dyspepsia

The explanation is simple. It is found in that impure blood which is continually feeding the nerves upon refuse instead of the elements of strength and vigor. In such condition opiate and nerve compounds simply deaden and stupefy the nerves. Hood's Sarsaparilla gives the nerves pure, rich, red blood; gives natural sleep, perfect digestion, is the true remedy for all nervous troubles.

Senator Vest has been re-nominated by the Democratic caucus of the Missouri Legislature.

Two important new books are reviewed in the January Forum. Hon. Theodore Roosevelt discusses in an extremely interesting paper Mr. Brooks Adams' remarkable book "The Education of Henry Adams," than which, in Mr. Roosevelt's opinion, few more powerful or melancholy books have been written; and the first volume of Dr. Edward Eggleston's "History of the United States," upon which he has been engaged for fourteen years, is reviewed by Prof. Ernest A. Scott, of the University of Michigan. Scott pronounces it "a contribution of lasting value to our historical literature."

Other articles in the January Forum are "The Urgent Needs of a National University at Washington," by President David Starr Jordan of the Leland Stanford University; "The Philosophy of Meliorism," by Junius Henri Browne; and a timely paper by Professor R. C. Ringwall, of Columbia University, on "Interclegiate Debating"—its scope, mechanism and valuable results.

Carlisle's Land Sold for Taxes.

Paintsville, Ky., Jan. 7. A tract of land in Johnson county school district No. 30, the property of John G. Carlisle, Secretary of the Treasury, has been sold to Stanford Castle, treasurer of the school district, for school taxes which were due and unpaid. Mr. Carlisle owns extensive property in this county and recently won a suit involving the payment of taxes.

Deputy United States Marshal Bullington and Deputy Jailer Ashby, of Ovenshore, were held under \$1,000 bond at Henderson to answer indictments charging them with being members of a mob.

Mary Adams fell into a fire with her baby in her arms at Paducah. The mother is dead and the child probably fatally burned.

For 1897, beginning with the January issue, there will be added to the usual departments of Table Talk, in response to a wide demand from our readers, a series of menus giving noon day dinners. In this same issue appears an article on "The Pleasures of Eating," by Elizabeth Grinnell; an interesting article on "Oleykoeks and Monmvelies" by Martha Boecker Flint. The history of the Tremper Cupboards and Hutchies is told by Rose Crosby, while the Household Inquiry Department contains a large number of most excellent receipts.

"The New Bill of Fare" is replete with woman's interests, and the entertainments are well adapted to create the pleasure they are hoped to promote.

Two fires of mysterious origin caused a total loss of \$2,500 at Mayfield.

The Clinton Democrat, speaking of the Moss Rose wedding, makes this pleasant reference to the bride:

"Miss Rust was a teacher in Clinton College, and relatives and won the hearts of all her pupils and many besides. She has an acquaintance ship in Clinton which insures her a cordial reception as a 'matron' of our community. There are few people in earth to whom the Democrats would extend a more hearty welcome to Clinton. The person one of our leading attorneys and has hosts of friends here who will give him and his fair bride a warm welcome when at this place."—Guthrie Courier.

The "R. T. C." club was entertained at the home of Mr. B. W. Harned last Friday night and a pleasant evening was spent. Mr. Barnett Blakemore, the famous "two stepper," acted as host, and Miss Bertha Hause as hostess, and the band fell in entertaining the large crowd. But as most of the crowd was "Doo-pa" a woo-fah nature it was hard for the choruses to attest to entertain but they may feel highly honored at the grand, succs she made.

Mr. Charles P. Underhill will lecture at the Tabernacle Jan. 15 for the Library Association. Mr. Underhill brings to his task excellent abilities which show the result of fine training and liberal culture. Although not technically an actor he possesses much of the power and spirit which belong essentially to the stage. In other words he manages to identify himself with a character in such a way as to produce an illusion. Yet it must not be inferred from this that he aims at stage effects, or that, indeed, he needs to make any ambitious display of his talents. His method is that of the theatronist, and, what is better, of the orator who has studied in a good school. He neither struts for vulgar points nor does he ever drop into that affected manner which is so painfully characteristic of the amateur.

He has a sweet, strong voice which he modulates with remarkable ease, a fine, dignified presence, and a thorough understanding of the art of gesturing. His extraordinary memory enables him to dispense with book notes, and his use of the voice enables him to present living images of his authors creation.

On scholarly attainments, artistic execution, exquisitely polished and repose of manner, Mr. Underhill is unsurpassed.
